
ENVIRONMENTAL POLICY

Wilec (Fire & Security) Ltd is a supplier of electronic security and life safety systems. Our business spans a range of services that includes installation, maintenance, commissioning and integration of cctv, access, intruder, fire alarm and life safety systems.

Wilec (Fire & Security) Ltd regards environmental protection as an integral and essential part of good business practice. We are committed to achieving and maintaining a high standard of environmental quality in all of our operations.

To achieve our goal Wilec (Fire & Security) Ltd will:

- At a minimum meet and where appropriate, exceed the requirements of all relevant legislation.
- Reduce energy usage in all operations by increasing energy efficiencies wherever possible
- Purchasing recycled and environmentally friendly materials wherever appropriate to do so
- Promote the concepts of continuous improvement and pollution prevention through the setting and review of environmental objectives and targets.
- Provide the necessary training and support to staff so that they can carry out their environmental responsibilities effectively and professionally.
- Promote the adoption of environmentally sound practices by contractors, suppliers and customers.
- Communicate our Policy to all employees and sub-contractors who work on behalf of Wilec (Fire & Security) Ltd.
- Make our environmental policy and records available to the public and interested parties.
- Reduce our usage of fossil fuels wherever possible in the business.

Whilst all employees have a duty to ensure that our operations do not cause environmental pollution, the overall responsibility for environmental protection lies with the Managing Director of Wilec (Fire & Security) Ltd.
